Weekly Schedule Bio 241  

Monday: 10-15-12  
  Quiz: Vertebra (12 labeling)  
    1. Study bone packet pages: 4-top of 6  
    2. Text pages: 218-223  
  Topic: Synapses  
    1. Note pages: 3.9-3.11  
    2. Text pages: 406-413  
  Begin the cerebral cortex  
    1. Note pages: 3.25-3.29  
    2. Text pages: 430-439

Laboratory:  
  Topics: Continue the cerebral cortex  
    1. Note pages: 3.25-3.29  
    2. Text pages: 430-439

Laboratory: Exercise 4, “Slide of Multipolar Neuron and Neuroglia”  
  Bones of the pelvic girdle  
    1. Bone packet page: 7  
    2. Text pages: 233-236  
  Clavicle, Ribcage, Hand  
    1. Bone packet pages: 6 & 9  
    2. Text pages: 224, 226 and 231  
  Unit V, Exercise 1, “Fresh Sheep Brains”

Thursday: 10-18-12  
  Exam: Nervous tissue, Signaling molecules, Receptors, Membrane & Action Potentials and Synapses. Worth 35 Points taken the first 30 minutes of class.  
    1. 8 True and False  
    2. 27 Multiple Choice  
  Topic: Medulla of the Cerebral Hemispheres  
    1. Note pages 3.29-3.32 (top)  
    2. Text pages: 439-441

Quiz Next Monday: Anatomical and Functional Areas (#’s) of the Cerebral Cortex (9 points)
1. Labeling (Spelling Counts!) parts of the brain (page 1 of brain packet) and matching functions with #’s (page 2 of brain packet)
2. Note pages: 3.25-3.29
3. Text pages: 434 and 436
